Bona SupraFlex

Technical data sheet

Bona SupraFlex is an all-in-one sanding machine for sanding of edges as well as for wire brushing of edges. Bona Supraflex is the perfect sanding companion to the Bona Power Drive NEB, helping you with those hard to reach areas. It supports all functions of the Bona Power Drive NEB and can fit both sanding discs as well as brushes.

- Powerful 1400 W motor
- Stepless speed selection (600-2100 rpm)
- Low height - Easy to reach under stair cases, toe kicks and radiators.
- Dust cover allows connection to Bona DCS for dust free sanding.
- M14 tool fixture – easy to change between sanding disc to brushes
- Noise reduction through innovative planetary and angular gears.

Technical data

Power:	1400 W, 230 V – 50/60 Hz
Speed:	600-1200 rpm (stepless speed selection)
Tool fixture:	M14
Disc diameter:	1500 mm
Weight:	2,6 kg

Article info

AMF100000	Bona SupraFlex
ASF100100	Cup brush metal 80 mm (M14)
ASF100200	Cup brush metal 120 mm (M14)
ASF100300	Cup brush nylon 120 mm (M14)

Directions for use

Carefully read through the entire user manual and the safety instructions for Bona SupraFlex before using this equipment.

The machine should be connected to a vacuum cleaner to minimize the spread of unhealthy dust. We recommend Bona DCS 70 for dust free sanding.

Sanding

Bona[®]

Bona SupraFlex

Brushing right up to the edge

- ✔ Performs sanding and brushing
- ✔ Flexibility and easy tool attachment
- ✔ Ideal for steps and small spaces

Bona SupraFlex

Brushing right up to the edge

Introducing Bona SupraFlex, the all-in-one edge tool. Suitable for both brushing and sanding wood and other substrates, Bona SupraFlex is the perfect edge sanding companion to the Bona Power Drive NEB, helping you with those hard-to-reach areas.

The ideal companion

Bona SupraFlex is the ideal companion and supports all functions of the Bona Power Drive NEB. From bare wood, to fine sanding and wire brushing for creative effects, this high performance edging tool enables unique 2-dimensional colour and brushed effects, right up to the edge.

Power and flexibility

With its powerful 1400 W motor, Bona SupraFlex features stepless speed selection for easy speed adjustment, as well as reduced noise. Its low height enables it to reach difficult areas, while its M14 tool fixture allows easy changing from sanding pads to brushing with new Bona Cup Brushes, with just a simple twist.

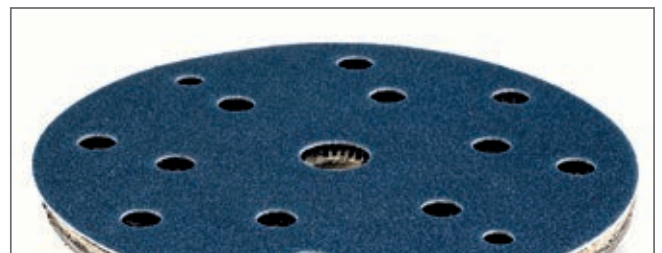

Powerful performance right up to the edge.

Moveable head with quick snap makes it easy to get close to walls and hard-to-reach areas.

Added extras

Bona SupraFlex is presented in a handy Bona by Flex carry case, which also contains a dust guard, vacuum hose and Velcro sanding pad. The dust guard connects to the DCS 70 with ease, to enable healthy, dust-free sanding.

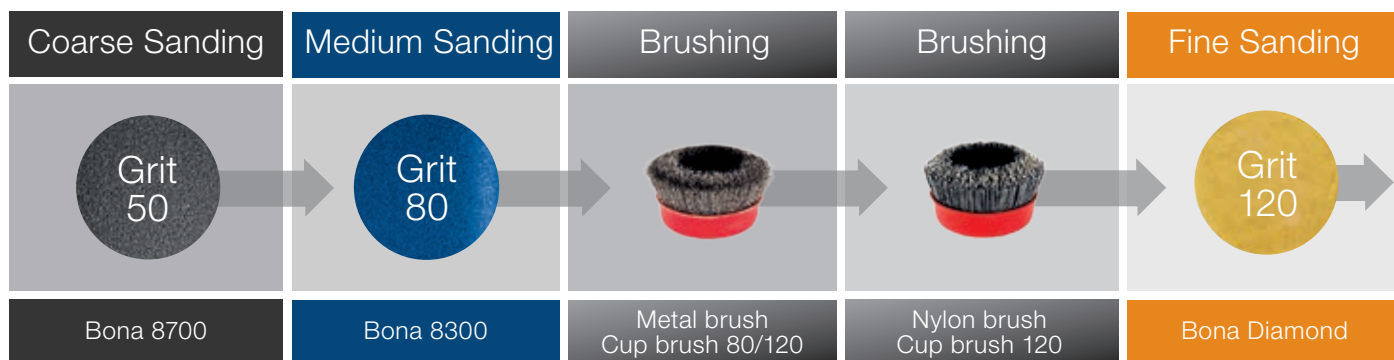

Note

Use at lowest speed for optimal control when brushing edges with Bona SupraFlex.

Easy edge sanding and brushing steps

For best results, Bona recommends the following steps for sanding and brushing:

AMF 100000
Bona SUPRAFLEX

Powerful 1400 W sanding machine for edge brushing and sanding of wooden floors.

Edge brushing: Use in combination with metal and nylon Cup brush.
Edge sanding: Use in combination with relevant discs in the Bona Abrasives range.

ASF100100 /100200
Cup brush metal

Metal edge brush for brushing out the grain in wooden floors: Mount Cup brush on Bona Supraflex 80 and 120 mm diameter.

ASF 100300
Cup brush nylon

Nylon brush for smoothing the wooden surface after metal brushing: Mount Cup brush on Bona Supraflex 120 mm diameter.
